(2024). *Petunjuk Teknis Penatalaksanaan Tuberkulosis Resistan Obat di Indonesia* Colorlite. (n.d.). *Ishihara color blind test*.

PLATE NO. 18

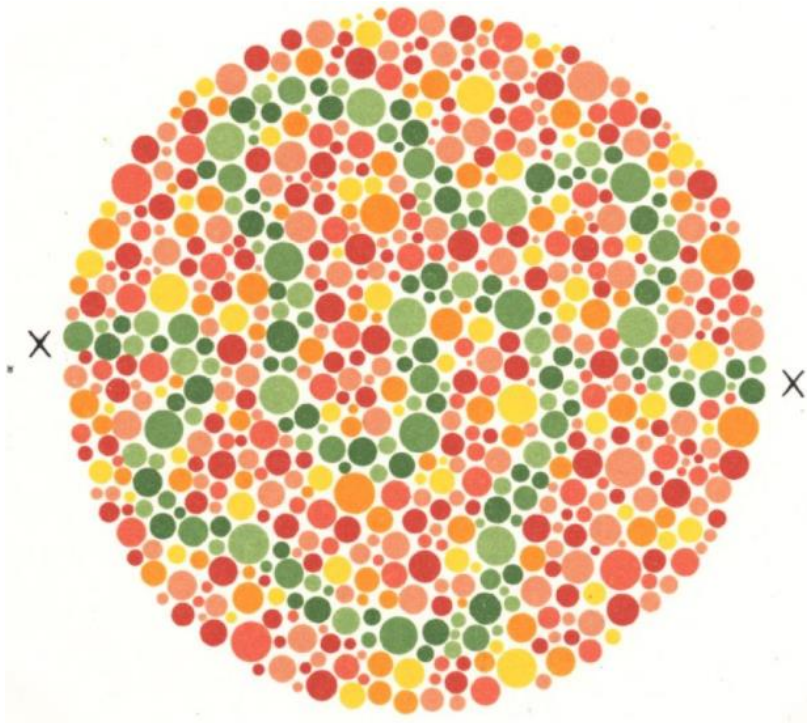

Sumber: The Global Health Bureau, Office of Infectious Disease, US Agency for International Development. (2018). Ishihara color blindness test plates; Kementerian Kesehatan Republik Indonesia. (2024). *Petunjuk Teknis Penatalaksanaan Tuberkulosis Resistan Obat di Indonesia* Colorlite. (n.d.). *Ishihara color blind test*.

PLATE NO. 19

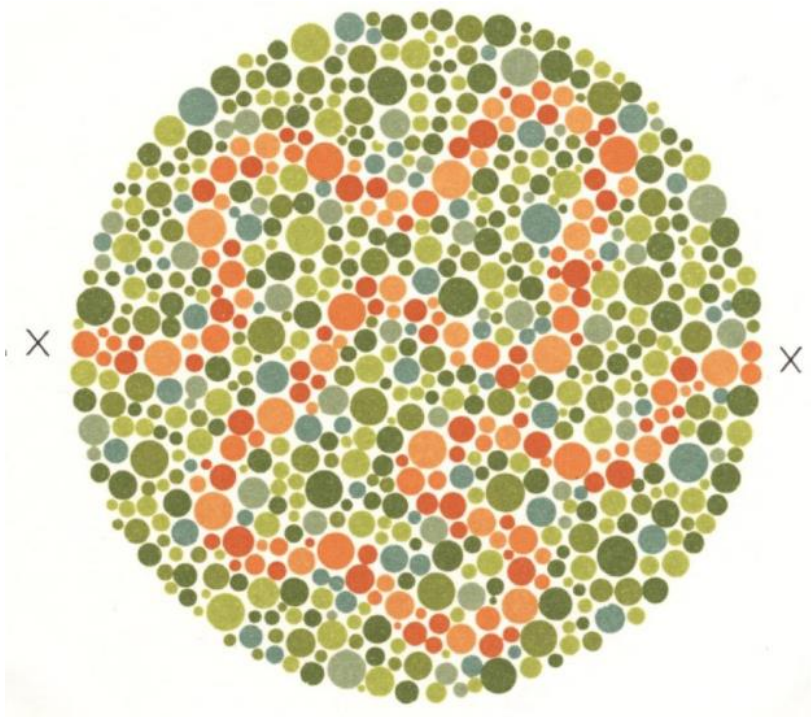

Sumber: The Global Health Bureau, Office of Infectious Disease, US Agency for International Development. (2018). Ishihara color blindness test plates; Kementerian Kesehatan Republik Indonesia. (2024). *Petunjuk Teknis Penatalaksanaan Tuberkulosis Resistan Obat di Indonesia* Colorlite. (n.d.). *Ishihara color blind test*.

PLATE NO. 20

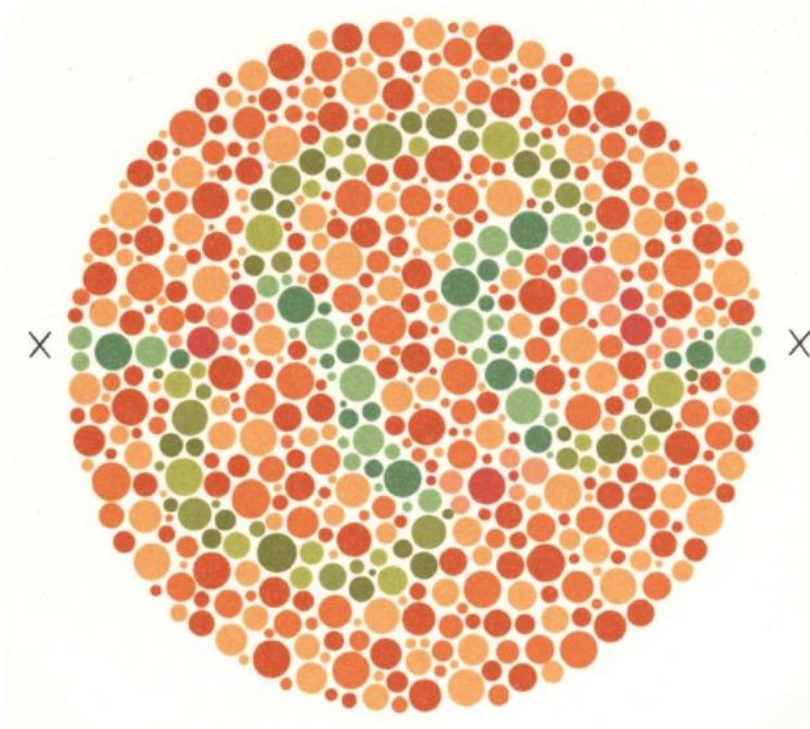

Sumber: The Global Health Bureau, Office of Infectious Disease, US Agency for International Development. (2018). Ishihara color blindness test plates; Kementerian Kesehatan Republik Indonesia. (2024). *Petunjuk Teknis Penatalaksanaan Tuberkulosis Resistan Obat di Indonesia* Colorlite. (n.d.). *Ishihara color blind test*.

PLATE NO. 21

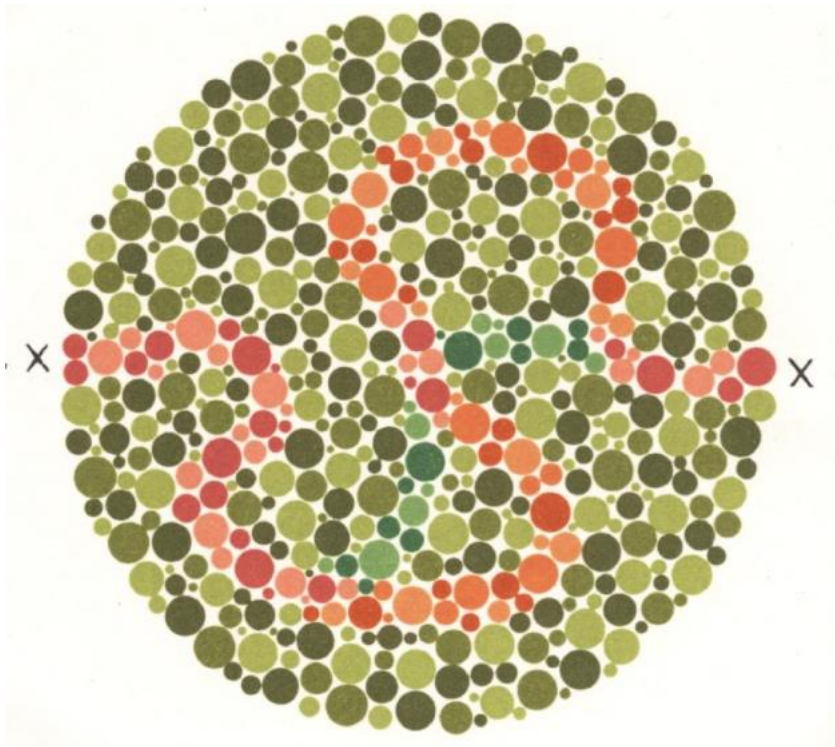

Sumber: The Global Health Bureau, Office of Infectious Disease, US Agency for International Development. (2018). Ishihara color blindness test plates; Kementerian Kesehatan Republik Indonesia. (2024). *Petunjuk Teknis Penatalaksanaan Tuberkulosis Resistan Obat di Indonesia* Colorlite. (n.d.). *Ishihara color blind test*.

PLATE NO. 22

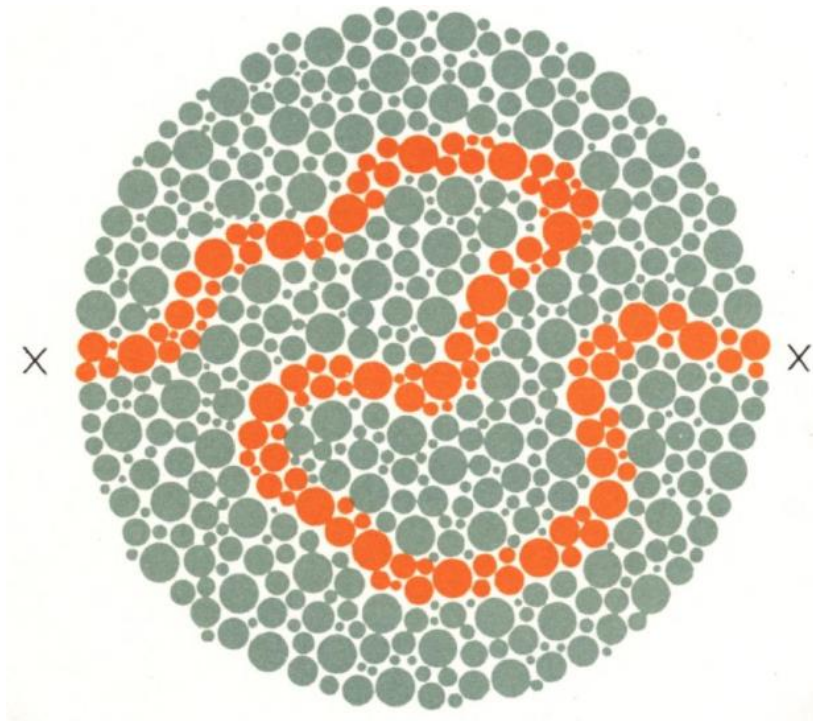

Sumber: The Global Health Bureau, Office of Infectious Disease, US Agency for International Development. (2018). Ishihara color blindness test plates; Kementerian Kesehatan Republik Indonesia. (2024). *Petunjuk Teknis Penatalaksanaan Tuberkulosis Resistan Obat di Indonesia* Colorlite. (n.d.). *Ishihara color blind test*.

PLATE NO. 23

Sumber: The Global Health Bureau, Office of Infectious Disease, US Agency for International Development. (2018). Ishihara color blindness test plates; Kementerian Kesehatan Republik Indonesia. (2024). *Petunjuk Teknis Penatalaksanaan Tuberkulosis Resistan Obat di Indonesia* Colorlite. (n.d.). *Ishihara color blind test*.

PLATE NO. 24

Sumber: The Global Health Bureau, Office of Infectious Disease, US Agency for International Development. (2018). Ishihara color blindness test plates; Kementerian Kesehatan Republik Indonesia. (2024). *Petunjuk Teknis Penatalaksanaan Tuberkulosis Resistan Obat di Indonesia* Colorlite. (n.d.). *Ishihara color blind test*.

SKORING ISHIHARA 24 PLATE

	Plate	Normal	Defisiensi Merah-Hijau	Buta Warna Total
<i>Demonstration plate</i>	1	12	12	12
<i>Transformation plates</i>	2	8	3	X
	3	29	70	X
	4	5	2	X
	5	3	5	X
	6	15	17	X
	7	74	21	X
<i>Vanishing plates</i>	8	6	X	X
	9	45	X	X
	10	5	X	X
	11	7	X	X
	12	16	X	X
	13	73	X	X
<i>Hidden plates</i>	14	X	5	X
	15	X	45	X

Sumber: The Global Health Bureau, Office of Infectious Disease, US Agency for International Development. (2018). Ishihara color blindness test plates; Kementerian Kesehatan Republik Indonesia. (2024). *Petunjuk Teknis Penatalaksanaan Tuberkulosis Resistan Obat di Indonesia* Colorlite. (n.d.). *Ishihara color blind test*.

	Plate	Normal	Defisiensi Merah-Hijau				Buta Warna Total
			Protan (Defisiensi warna merah)		Deutan (Defisiensi warna hijau)		
			Strong	Mild	Strong	Mild	
Diagnostic plates	16	26	6	(2) 6	2	2 (6)	X
	17	42	2	(4) 2	4	4 (2)	X
Diagnostic tracing plate	18	titik- titik ungu dan merah	hanya garis ungu		hanya garis merah		X
Hidden tracing plate	19	X	terlihat sebuah garis				X
Vanishing tracing plate	20	garis biru-hijau	X				X
	21	garis jingga	X atau salah menelusuri garis				X
Transformation tracing plate	22	garis biru-hijau & kuning-hijau	garis merah-hijau & violet				X
	23	garis violet dan jingga	garis biru-hijau & violet				X
Demonstration tracing plate	24	garis jingga	garis jingga				garis jingga
